IT IS FRAUD
when asked to share
your online banking
or card info

STAY SAFE AND PROTECTED

Always be vigilant and protective. Your safety is very important. Pay attention to your surroundings, don't leave your purse unattended, park in well-lit areas, hide your belonging in your vehicle. Never share your online banking information! Only shop on trusted sites.

PEOPLE HELPING PEOPLE

This year has been difficult for many of our members and people in our communities. Many are affected by the government shut down or other financial burdens. Our branches are running food drives to provide some help. We thank everyone for their generous donations.

CREDIT CARD MANAGEMENT

We must always be aware of our credit card usage. Money is easily spent, and repayment may be a burden with high interest rates. To better a credit score, keep the credit card balance below 50% of the limit and make timely payments. Apply for the GeoVista credit card and enjoy affordable rates.

A GIFT THAT LASTS

Give the gift of a savings account to your child, maybe also a checking account for your teenager. You can add funds for special achievements or birthdays and help your child learn to manage their finances. A gift that will empower them for life.

Holiday Closures: December 25
